

NEWS OF THE SOUTH SIDE

RIVER CONTINUES
TO RISE RAPIDLY

Torrents are pouring down as result of recent rains—floodwaters are having a great deal of trouble with their loads.

Watter's bay. Mills have stopped saving, but not for shortage of logs, for the boom is full and the river is a booming flood with a stream of logs and driftwood floating rapidly down stream. The saw mill is stopped, however, because it is thought to be unsafe to attempt with the boom by taking any logs out, for if the boom broke and went down all the logs might be lost.

Monday night and Tuesday morning the river kept rising about four inches an hour, and yesterday afternoon the water was about 15 or 20 feet above low water mark. It is higher than last year, and probably higher than for fourteen years.

Old timers remember quite well the big flood when the present low level bridge was built. The pier had been built to the water and spring and the bridge was all ready for the steel structure, which was delayed in transit over the C. P. R., which was the only viable route into that part of Alberta. That time the water was so high that the newly built bridge piers were out of sight in the muddy water, which flowed several feet above their top. The citizens were thankful that the steel was delayed, for the piers were raised some 10 feet before the steel structure was erected. This mass of applying will be confined upon the top of the low level bridge, and if the present bridge gets above them it will show that it is to be compared with "the flood" of the old times.

Playa Have on Hand.
That the flood played havoc over the life of both sides of the river. One old settler in Watford said it reached to the foot of the short street. First street. The city power house was not located at its present site. The old Hudson's Bay company house Northwest had been moved at the point on high dry ground to be clear of it. The water rose and tore it from its moorings.

The big historic steamer "drifted" down stream and, hitting the submerged bridge pier, sank. The bulk broke in two and the boilers sank, never to be seen again. Pieces of the old steamer were picked up by the netting and netting for down stream, and possibly cherished as relics of Hudson Bay days in the northwest.

Excursions Cancelled.
During the present flood John Watters has cancelled all excursions of the steamer City of Edmonton, for the river is so high it could not pass under the ferry cable, nor under the electric cables at the power house nor under the low level bridge.

The steamer City of Edmonton is floating calmly while the crew are busy with the main bank. It was moved to a pile driven into the shore, but the shore and of the river is so high it could not pass under the ferry cable, nor under the electric cables at the power house nor under the low level bridge.

May Flood South Bank.
The lowest part of the line at Watford appears to be near the tower supporting the electric cables, a little west of the power plant. The continued rise at the same rate for another day or so would mean a flood over the bank here and might cause trouble with power for the South side utilities.

The log boom is being secured to the shore with ropes, so as to hold the big catch of logs and driftwood. But the steam boat opposite the main wharf yesterday when a big drifting tree struck it.

The flood water is said to be running about ten miles per hour. One of the fishermen told of his exciting time out on a boom with the drifting monarchs of the forest racing by the flood.

Down at the low level bridge the boats are being with logs and driftwood. Those old familiar breakwaters with their tin tacked sides are out of sight in the flood. The boats are not yet broken full, however. Some of the boats have the steamers loading are particularly near the water line.

Mill Creek Turbidity.
Mill creek has its own flood troubles, especially when it nears the hooked-up tide of the Mackatchewan. The low level bridge at Smith's station has been on the surface of the road, but the bridge on the main road is on a higher level and will probably stand while the whole flat floods.

TRAIN STRUCK AUTOMOBILE.

Level Crossing Accident at Cleveland—Three Fatally Injured.

Cleveland, July 9.—An automobile carrying eight passengers was struck by a Lake Shore freight train last night at the 14th street crossing and seven were injured, three fatally. The automobile was owned and driven by Wm. F. Hillman, president and manager of the National Iron and Wire company. He and Mrs. Hillman and Mrs. Edward W. Johnson, were fatally injured according to reports from the hospital where the injured were carried.

Wm. Chas. Hillman, President of the National Iron and Wire company, and Mrs. Hillman, sustained severe injuries. The child and youngest member of the party was little Mary Hillman, seven years old.

NEED FOR BLASTING
MAY DELAY HIGH LEVEL

New Concrete Caps Have to Be Put on some of the First Cracked and Water Sealed Concrete Pillars of Steel structure Now at Last Steel Tower.

The High Level Bridge is making good progress, but it seems now to be in prospect of a possible hold-up till the last concrete piers are completed. The steel structure is now being erected on the fifth span from the south end, and the first of the last group of rail piers has now been erected. The next span will reach from the steel tower now being finished by the south end of the last concrete abutments.

There will still be some false work, which will be taken down when the steel structure is made the steel secure. This false work will then be re-erected at the next span between the tower and the abutment.

Somewhat Hindered.
But somewhat seems to have hindered, and a dark stain is appearing on the top of the last concrete abutments. At the top of each set of bolts were supposed to be secured to the concrete base. Into these bolts were drilled, mottled and froze, and the dirty water has seeped through the cracks and seeped the outside of the last concrete pillar. No doubt the C. P. R. authorities and the anxious citizens of Greater Edmonton will be impatient of the delay due to lack of proper covering for these bolts or proper drainage so the water could find an outlet before it froze.

Blasting the Top Off.
The bridge piers now present an unusual scene with a gang of rock drillers on the top keeping time to the riveting machines on the bridge and later routing in the shale while the powder foremen load the hole and fire the shot, which blasts off the top of the tall pillar.

Then will follow the labor of making a new form around the cap and the making of new concrete, which will have to be allowed time to set before the steel can be safely erected thereon.

The same process of repair will have to be done to the tall abutments in the current, where more delay may occur at each shot of the blastings.

The flood, however, has not yet damaged the wooden false work of the bridge builders, but it might have done so if the bridge was further advanced.

The committee in charge of the bridge reported that the bridge was in good shape, considering the heavy rain and with a little more work, perfect by Wednesday afternoon. A good percentage of more will be put in and the crowd will not be disappointed.

The athletic committee reported that the medals had arrived and were being distributed to the winners of the athletic events. There are 150 medals in all. The committee in charge of the bridge reported that the bridge was in good shape, considering the heavy rain and with a little more work, perfect by Wednesday afternoon. A good percentage of more will be put in and the crowd will not be disappointed.

"Socks" Will With Film Film.
A telegram was read from "Socks" outside the province asking the privilege to run this year's game of the socks. The members of the committee said they did not want any "Socks" and the chairman was instructed to reply with a letter from the committee saying "Socks" will not be allowed to run this year's game of the socks.

EDMONTON MAN IS IN THE FINALS OF 5,000 METRE RACE

Deceases Takes Place in Heat in
This Event at Olympic
Games

**UNITED STATES NOW IS
LEADING BRITISH EMPIRE**

Keeper, of Winnipeg, Also Goes
Into Finals in 5,000 Metre
Race.

Stockholm, July 8.—The result of the 400 metre relay final was: England first, Sweden second, Germany, third. The standing of the first five countries today follows: United States 15, Sweden 14, Great Britain 13, France 12, Russia 11.

The trial heats of the 1500 metre flat race, furnished one surprising result in the winning of Jackson, of England, who beat John Paul Jones, the great American mile, in our fourth heat, indicating that he stands a chance to get into the final in the final tomorrow. An unpleasant incident in the first heat of the 1500 metre race was the claim of Hare, of England, that Skoppe, United States, applied him and pushed him on the grass while rounding the last bend. The English committee, who received Hare's complaint, declined to protest the heat.

The Canadian, Deceases of Edmonton, and Keeper of Manitoba, did well in their heats in the 500 metre race, and will run in the final.

The heats of the 500 metre race run today resulted as follows: First heat, J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Second heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Third heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Fourth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Fifth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Sixth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Seventh heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Eighth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Ninth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Tenth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Eleventh heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Twelfth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Thirteenth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Fourteenth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Fifteenth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Sixteenth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Seventeenth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Eighteenth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Nineteenth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Twentieth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Twenty-first heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Twenty-second heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Twenty-third heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Twenty-fourth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Twenty-fifth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Twenty-sixth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Twenty-seventh heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Twenty-eighth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Twenty-ninth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Thirtieth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Thirty-first heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Thirty-second heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Thirty-third heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Thirty-fourth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Thirty-fifth heat—J. Hare, New York, won, 1:19.7; second, Edmonton, Canada, second, 1:19.8; Great Britain, third, 1:20.0; United States, fourth, 1:20.1.

Seeks Protection For Catholics.

New York, July 9.—A cable from

Pittsburg (this afternoon says: The Ca-

tholic Bishop of Pittsburg today tele-

graphed the Civil Government of Ire-

land, demanding military protection

for all Catholic institutions in Ulster

during the coming week. The govern-

ment of the battle of the Burren will

be celebrated with more than its ac-

counted vigor by the Catholics next

Friday. Because of the commitment

against the Home Rule campaign that

is felt in Ulster, many threats have

been made against the Catholics. The

Bishop warns the government that the

authorities will be held responsible if

adequate protection is not provided

to the Catholics during the week's cele-

bration.

New Haven, Conn., July 9.—One

death, two suicides and a number of

protestations were due to the accom-

plish in Connecticut yesterday. The

thunderstorm reached 25 officially in

this city.

CANADIAN NORTHERN

HO! WINNIPEG EXHIBITION

\$17.15 Return From Edmonton
First Class Throughout

Tickets on sale July 8th to July 19th inclusive. Return limit
 July 23rd.

The "Capital Cities Express" at 7.20 a.m.
 The "Winnipeg Express" at 8.15 p.m.

Electric Lighter Sleepers. Pull Dining Car Service.
 Observation Parlor Cars on morning train.

A point worth considering—that the Canadian Northern
 Railway have two daily trains going and returning, and you
 can leave Winnipeg in the middle of the day or late at night.

Telephone us and we will send a Passenger Agent to see
 you. Make North Reservations early.

J. MADILL, City Passenger and Ticket Agent,
 Phone 1712. 110 Jasper Ave. E.

WM. STAPLETON, District Passenger Agent, Saskatoon.

BUSINESS MEN'S TRIP WILL COVER 2022 MILES

Starting July 22nd City Business Men
 Will Tour Surrounding Country
 and Will be Away One Week.

During the last week of this month
 the business men of the city intend
 making a tour of the territory which
 surrounds and is commercially adja-

cent to Edmonton. The trip is the
 second one of its kind and is organ-

ized by the board of trade. The
 party will leave Edmonton early on
 the morning of July 22nd by special

train, which will have covered 2022
 miles of steel before the party reaches
 and Edmonton on the return journey
 on July 28.

They will visit Lloydminster, Val-
 deville, Camrose, Wetaskiwin, Okla,
 Lacombe, Carmichael, Provost, Strath-
 cona, Wainwright, Tofield, Mirror,
 Stony Plain, Ft. Assiniboine.

TEAMSTER TRAMPLED UNDER HORSES' HOOF

Harry Vance, While Trying to Quiet
 Team, is Knocked Down and Run
 Over—suffering From Contusion
 of the Brain.

Lying in terrible pain at the Mis-
 sion hospital, suffering from con-
 cussion of the brain, and severe in-
 teral injuries, is Harry Vance, a

young teamster, of this city, recently
 from New Brunswick. The accident
 occurred at 7:15 a.m. Friday

near the G. F. line, where the victim was
 working on the city truck center.

A four-horse team became torti-
 cued at their heads, in an attempt
 to quiet them, was knocked down and

trampled under their hoofs. Medical
 attention was immediately secured.

The full extent of his injuries is not
 yet known and the attending physi-
 cian finds it impossible to make any

definite statement concerning his
 chances of recovery.

Vance is 25 years of age and mar-
 ried. He made his home at 346 Rich-
 ard street. He has no relatives in the
 city. (Jed.)

Accepts Call To Teaching Church.
 Tresson, N.J., July 8.—A call to the
 third Presbyterian church here has
 been accepted by the Rev. Dr. Andrew
 Wood Taylor of Toronto, Canada, in the
 following telegraphic statement to the
 trustees: "That whilst preparing
 to take a lodging for 1 year that
 through your prayers I shall be given
 unto you."

FURTHER ARRESTS IN SASKATCHEWAN OF ROGERS' HEELERS

Tory Election Crooks from Manitoba Are Taken Into Custody.

SHIELDS TO BE TRIED
IN REGINA TOMORROW

Warrants Issued for Two Other
Members of Rogers'
Machine.

Regina, July 9.—The provincial government continues to arrest Manitoba election workers charged with offences under the Saskatchewan act. The two latest arrests were made in the Redberry constituency, the offenders being a man called Haskewich, a Manitoba government official, and M. Kominisky, also of Manitoba. Both men have been brought to Regina and lodged in jail. A warrant has been issued for the arrest of W. Veltch, of Manitoba, said to be at the present time in the city, and the provincial police are also continuing a search for Peter McLaughlin, in the Gull Lake district.

Wm. Shields, the homebased inspector, appeared in court yesterday before Justice of the Peace H. T. Graham and R. R. Anderson, not was remanded to Wednesday to appear before Magistrate Train in Regina, a change of venue being decided on in view of the local prejudice which has arisen in the district, particularly and throughout the province the campaign has become extremely bitter and the public generally well welcomes the move. Both parties claim to be confident of the result, but estimates of party organizations can hardly be relied upon as furnishing trustworthy forecasts.

SERIOUS DAMAGE TO CROPS IN NORTH DAKOTA

Winnipeg, July 9.—At the grain exchange today a number of pessimistic reports were about regarding damage to crops in North Dakota and Minnesota by hail and windstorms, but no very definite information could be gathered, as this city is practically cut off from telegraphic communication from the south. Messages for Chicago are being routed via Montreal or Vancouver.

PULP WOOD INDUSTRY IN ALBERTA TO GET MORE ATTENTION

Possibility of Developing That Industry and Board of Trade Action.

MINISTER OF INTERIOR TO
BE ASKED TO TAKE ACTION

Board Also Decides Against Principal of Fixed Assessment for Industrial Concerns.

Members of the Edmonton board of trade at the regular meeting held yesterday in the Board of Trade rooms, Ashmun avenue, placed themselves on record as opposed to the idea of fixed assessment for industrial concerns. In this connection President Martin remarked that the council of the board felt that it would be a step in the direction of state legislation, and the members thought industrial concerns should take their part in the other's issue.

Upon consideration of a communication from Mr. Charles H. Lugin, representing the Victoria, B.C., board of trade, it was recommended that a resolution be adopted by the board as follows:

"That, in the opinion of this board it is in the general interests of Canada, that the Great Commission in carrying out the policy of construction of experimental elevators should erect one or more at suitable points on the Pacific coast, the location to be determined after investigation."

The council declined to recommend a resolution asked for by Mr. Lugin, endorsing a suggestion that the government should take steps to connect Victoria and Vancouver Island with the main land by rail.

The president was authorized to name a delegate to represent the board at the convention of mayors and industrial commissioners to be held in Winnipeg July 16th.

The secretary was instructed to write the Minister of the Interior, advising him that it is understood that there is some prospect of interesting capital in the promotion of the pulp industry here, but that further progress is retarded owing to the fact that there appears to be no regulations under which pulp timber can be cut in Alberta, and advising that the necessary regulations be formulated.

R. H. C. Walker, of Walker & Barnes, was admitted to membership.

Lowering Jasper Avenue Sewer.

Preparations are being made to lower the sewer on Jasper avenue east from Queens avenue to Nanayo. Workmen today are laying out the line for the excavations.

BEACON HEIGHTS

Ask the Man Who Knows Edmonton

For the Homebuilder

GOING! GOING!! GONE!!!

IS YOUR HAIR SLIPPING?

The presence of dandruff and falling hair convey a warning which it is best to heed. At first the loss of hair may be so slight as to be hardly noticeable, but no matter how little may be the fall each day, it is working toward the same and inevitable result, and that is total baldness.

You may have hair enough today, but how about tomorrow and the day after? Dandruff and falling hair mean baldness sooner or later and demand the immediate regular and energetic use of Herpicide.

This is the original remedy that kills the dandruff germ and prevents the hair from falling out. It keeps the scalp free from dirt and dandruff and allows the hair to grow abundantly and naturally. By its use means and this means alone any total incurable baldness is prevented.

Herpicide does not stain or dye and has a most exquisite fragrance which makes it especially pleasing to the ladies. It stops itching almost instantly. You may be told that there are remedies "just as good as Herpicide." You cannot afford to take chances with nor can you expect to obtain results from an effeminate article, based on having genuine Herpicide, the Original Dandruff and Falling Hair Destroyer.

Low can get a sample of this delightful hair dressing and a booklet on the care of the hair by sending ten cents in advance or postage to The Herpicide Co., Dept. B, Detroit, Mich. 177 Herpicide cure and you will never be without it.

Sold everywhere to 50 cents and \$1.00 each and guaranteed to give satisfaction or money refunded.

Applications obtained at the better barber shops and beauty parlors. George H. Grafton, Edmonton, and Frank Coville, Strathcona, are Special Agents.

Notice!

Ross Bros., Ltd.

Wish to announce that they have not sold the RETAIL DEPARTMENT of their Hardware business and will continue to do business at the same stand as heretofore.

Old and new customers are invited to see our special value in Couch Hammocks, regular price \$10.00, special price \$8.00.

DECOTEAU DOING EXCELLENT WORK

Local Runner Displayed Remarkable Burst of Speed Yesterday.

SECOND IN HIS HEAT: IS SAVING HIMSELF

Keeper Also Was Second in His Heat—Both Are in the Finals.

Spokane, July 9.—In the 2000 metres flat race, Spokane, of the United States, won over Decoteau, of Canada, by 15 yards, in the second heat of the United States men's relay race. In the final of the Canadian relay race, the Canadian team was defeated by the United States team.

Spokane, July 9.—There was every prospect this morning of an off day in the Olympic games, the only final on the program being the 200 metres relay race and throwing the javelin. The first heat of the 200 metres relay race was won by the United States team, the Canadian team being second.

Great Encouragement
The contestants of the northern relay team which had the day's rest in the previous race, were immensely excited when the Canadians were defeated in one, two, three, four, and five heats. The Canadians were the only team to win in the first heat, but they were defeated in the second, third, fourth, and fifth heats.

The final would thus be a contest between the United States and the Canadian team, but the Canadian team was defeated in the final.

It could be done was to raise the 100 metres flag, with Decoteau displaying the word "Canada" beneath them. Seven preliminary heats in the 100 metres flat race furnished good exhibitions. The spectators were not running in the race, but merely for places in the final. This caused a lot of excitement and some jostling. Several of the men who were inspired by the enthusiasm of the moment, started their strength in grandstand play and were the heroes of the day.

The most interesting feature of these heats was the contest between Decoteau, Jackson, and Corbett, who were all runners from the same club. Decoteau was the favorite to win, but he was defeated by Jackson.

Decoteau Dangerous

The Frenchman, who gave the closest and most exciting exhibition of all-time running yet seen at the Olympics, is likely to make a great battle of it with Kohnstamm in the final heat of the 100 metres. Decoteau, of the French team, was the first to start, and he was followed by Kohnstamm, of the United States team. Decoteau was the favorite to win, but he was defeated by Kohnstamm.

The Frenchman, who gave the closest and most exciting exhibition of all-time running yet seen at the Olympics, is likely to make a great battle of it with Kohnstamm in the final heat of the 100 metres. Decoteau, of the French team, was the first to start, and he was followed by Kohnstamm, of the United States team. Decoteau was the favorite to win, but he was defeated by Kohnstamm.

metres back stroke in 1:11, the fastest time in any of the heats. In the 100 metres flat race, Decoteau was the favorite to win, but he was defeated by Jackson.

The javelin throwing, which was concluded immediately afterwards with three throwing (lags) trials, the winners being the United States team. The United States team was the favorite to win, but they were defeated by the Canadian team.

A Great Race
Immediately after this one of the best races of the meet was run, in the 100 metres flat race. The United States team was the favorite to win, but they were defeated by the Canadian team.

The Frenchman, who gave the closest and most exciting exhibition of all-time running yet seen at the Olympics, is likely to make a great battle of it with Kohnstamm in the final heat of the 100 metres. Decoteau, of the French team, was the first to start, and he was followed by Kohnstamm, of the United States team. Decoteau was the favorite to win, but he was defeated by Kohnstamm.

until the fourth and final lap. Two Americans, M. W. Sheppard and E. C. Johnson, and one Canadian, A. H. Hare, were the only starters in the first heat. They merely jogged along to the first lap, and the spectators expressed their displeasure by jeering. The American team was the favorite to win, but they were defeated by the Canadian team.

The javelin throwing, which was concluded immediately afterwards with three throwing (lags) trials, the winners being the United States team. The United States team was the favorite to win, but they were defeated by the Canadian team.
